Requests ongoing funding to support federal PHE eligibility guidelines. It is currently unknown if the guidelines in place will be ongoing and it is anticipated additional guidelines could require a reconfiguration of the MEDES system platform. The reimbursement rate has not yet been determined by CMS, however, it is being considered as implementation for a 90/10 reimbursement rate. This request is the same as FY 2024. If 90/10 funding is approved for a portion of the costs, the GR portion would be reduced. This is a placeholder. (one-time)

In accordance with the passage of SB 45/90 and SB 106, DSS is required to develop and implement a transitional benefits program for Temporary Assistance for Needy Families (TANF) and Supplemental Nutrition Assistance Program (SNAP). There are currently no state plan options for SNAP or TANF that would allow the state to implement the provisions of this legislation. DSS is in the process of requesting waivers from the Food and Nutrition Services (FNS) for SNAP and Administration for Children and Families (ACF) for TANF. If it is determined that these transitional benefits programs will be implemented either without waiver approval or with a waiver approval, but without federal funding, an appropriation of 100% General Revenue (GR) will be required to fund the program. \$79,063,645 of the total cost includes the maximum estimated cost for SNAP (\$71,980,376) and TA (\$7,075,269) benefits and mailing costs as well as \$8,000 for EBT costs.

Request includes: 2 attorneys for DLS; 4 Benefit Program Technicians, 1 Benefit Program Supervisor, and 1 Program Coordinator for FSD.

OA-ITSD estimated costs for systems include: FAMIS \$55,404; MEDES \$1,356,011 (not included in EN response). The FAMIS costs can be absorbed into the existing FAMIS core. Only MEDES cost of

### Section 11.135 – Division of Family Support – FAMIS Costs

Book 2, Page 149

**Description:** This section provides funding for the Family Assistance Management Information System (FAMIS), which encompasses the design, development and implementation of an integrated, federally certified system for the Child Care, Food Stamp, Temporary Assistance, MO HealthNet and related programs. It allows customers to provide their personal information once, rather than multiple times when applying for more than one program. FAMIS generates notices to customers, tracks required verification, and tracks Medical Review Team (MRT) review due dates. The system takes automatic actions based on information entered by staff. FAMIS issues benefits to customers and payments to vendors. The Child Care Subsidy Program transitioned to DESE's Child Care Data System effective December 18, 2023.

Requests ongoing funding to support federal PHE eligibility guidelines. It is currently unknown if the guidelines in place will be ongoing and it is anticipated additional guidelines could require a reconfiguration of the MEDES system platform. The reimbursement rate has not yet been determined by CMS, however, it is being considered as implementation for a 90/10 reimbursement rate. This request is the same as FY 2024. If 90/10 funding is approved for a portion of the costs, the GR portion would be reduced. This is a placeholder. (one-time)

FSD is required to receive and process information and requests for benefits in a timely and accurate manner. Originally, when FSD requested this funding, FSD was only looking for platforms for document recognition solutions that could enhance the system's ability to read incoming documents from the public. However, after some discussions with Colorado, a solution (Hyperscience) was discovered that would not only improve our document recognition capabilities but also integrate with our systems (FAMIS/MEDES) and tasking systems.

FSD is requesting additional appropriation to fund this new founded solution ongoing.

Requests ongoing funding to support federal PHE eligibility guidelines. It is currently unknown if the guidelines in place will be ongoing and it is anticipated additional guidelines could require a reconfiguration of the MEDES system platform. The reimbursement rate has not yet been determined by CMS, however, it is being considered as implementation for a 90/10 reimbursement rate. This request is the same as FY 2024. **Description:** This appropriation funds three programs: The Food Nutrition Program (FNP), nationally known as Supplemental Nutrition Assistance Program Education (SNAP-Ed), SkillUp, and SNAP Outreach. SNAP-Ed provides information on nutrition, physical activity, food safety and food budgeting education to SNAP eligible individuals, especially women; people with children in the home; at risk, pregnant, and parenting teens; youth; and seniors. SkillUp, Missouri’s employment training program, provides SNAP participants opportunities to gain skills, training or experience that will improve their employment prospects and assists them to obtain and retain sustaining employment, reducing their reliance on SNAP benefits. SNAP Outreach helps low income people buy the food, such as fruits, vegetables, and whole grains they need for good health.

**Section 11.170 – Division of Family Support – Adult Supplementation**

Book 3, Page 335

**Description:** Adult Supplementation provides a monthly cash benefit to targeted aged, blind, and disabled persons. This program, along with Supplemental Security Income (SSI), provides supplemental payments to persons receiving less income than they were in December 1973 from the prior supplemental programs of Old Age Assistance, Aid to the Blind, and Permanent and Total Disability. These claimants remain eligible for medical care. No new cases can be added to this caseload and consequently it will decline over time. The number of active cases fluctuates due to individuals moving to other programs such as vendor (nursing home), and then moving back to Adult Supplementation when they leave the vendor program.

It is requested to create a new section in the Family Support Division where Services for the visually impaired resides.

In accordance with the passage of SB 35, DSS is required to grant a hearing, if requested timely, to determine if a suspension of license is appropriate after considering all the relevant factors listed in this statute. Up to 20 FTE in the Family Support Division will be needed to handle the estimated additional license suspension hearing actions. There is a potential loss of \$50,591 CSEC revenues used to support the CS Program which can be absorbed with the current balance of the CSEC fund.

DLS is requesting an additional 3 FTE Hearings/Appeals Referee Managers to manage the additional hearings that will be requested.
